

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

**Monitoring Requirements Not Met for Johnson Creek Waterworks**

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards.

Between 07/01/2020 and 10/31/2020, we did not monitor for **lead and copper contaminants, and therefore cannot be sure of the quality of your drinking water during that time.**

**What precautions should be taken at this time?**

There are no special precautions you need to take at this time. However, it is important to remember that the quality of your drinking water is not known at this time.

**What was the cause of the missed monitoring requirements?**

Monitoring site plan was not approved on time by the DNR.

**What is being done to correct the problem?**

Testing was completed in 2021.

**When will the problem be resolved?**

The problem has been resolved.

**If you have questions regarding the safety of our drinking water, please contact:**

Joseph Howey, 920-699-3341

200 Aztalan Street, Johnson Creek WI 53038

I certify that the information and statements contained in this public notice are true and correct and have been provided to consumers in accordance with the delivery, content, format, and deadline requirements in Subchapter VII of ch. NR 809, Wis. Adm. Code. Joseph Howey, 07/24/25

\*\* Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
