Agreement for Reimbursable Services **Petitioner/Applicant/Property Owner**

In accordance with Village Code -Chapter 250-138 the Village may retain the services of professional consultants (including planners, engineers, architects, attorneys, environmental specialists, recreation specialists, and other experts) to assist in its review of a proposal coming before the Plan Commission. The Village reserves the right to apply the charges for these services as well as for staff time expended in the administration, investigation and processing of applications to the Petitioner.

The Petitioner is required to provide the Village with an executed copy of this agreement as a prerequisite to the processing of the development application. The submittal of a development proposal application or petition shall be construed as an agreement to pay for such professional review services applicable to the proposal. The Village may delay acceptance of the application or petition as complete, or may delay final approval of the proposal, until such fees are paid by the Petitioner. The Property Owner acknowledges that review fees which are applied to a Petitioner, but which are not paid by such Petitioner, may be charged by the Village as an assessment against the subject property for current services provided the property.

Note: Consultant services (e.g. engineering, planning, surveying, legal, etc.) and Village administrative time may be charged in addition to the normal costs payable by the Applicant/Petitioner/Property Owner (e.g. application filing fees, permit fees, publication expenses, recording fees, impact fees, etc.)
